

# Seminar The Siberian Husky - 17/18 July 2010

By Karsten Grönås, FCI conformation judge for the 4 polar dog breeds with over 40 years experience with breeding and working Siberian Huskies.

Location: Vargevass kennels, Raftälven 225 Föllinge, Sweden

Program:

## Saturday 17 July

- 11.00 - Opening seminar
- 11.10 - Functional Anatomy of the Siberian Husky
- 13.00 - Lunch
- 14.00 - Functional Anatomy of the Siberian Husky continued
- 16.00 - Pause
- 16.30 - Variation in types and the breed standard
- 17.30 - Participants' profile dog pictures
- 18.30 - Grilling and discussion evening around campfire

## Sunday 18 July

- 08.30 - Breakfast
- 09.30 - Short round-up of Saturday's topics
- 10.00 - 'Be the judge'. Informal judging session. Participants judge 3-4 dogs.
- 12.00 - Lunch
- 13.00 - History of the Siberian Husky in Scandinavia and 40+ years of Vargevass kennels
- 15.30 - Discussion and reflection.
- 16.30 - The End

### Please NOTE:

To enrich the program on Saturday, we ask participants to email a picture of a standard fitting Siberian Husky, meaning: a specimen he/she believes is an almost perfect example of the breed.

The dog can be of present or past (it doesn't need to be alive anymore).

The dogs' name is irrelevant and remains anonymous so the dog can be whoever and does not need to be owned or have been bred by the participant.

The photo should show the dog stacked in profile and should be of high quality res.

Seminar is English spoken.

Maximum number of participants is 25.

Entry-fee: 700.—SEK (incl. food and non-alcoholic beverages)

This seminar is for all who are interested in the Siberian Husky breed, be it novice or experienced, musher or show fan.
